# ABOUT US

Naturaza Earthfoods Private Limited was established on 15 December 2025 with a clear vision to contribute to India's agricultural value chain through ethical, efficient, and quality-driven agro trading. We are engaged in the trading, sourcing, sorting, and wholesale distribution of a wide range of agro and food products, catering to domestic markets with reliability and consistency.

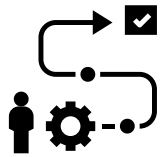

Our core business includes the trading of nutritious millets such as jowar, bajra, maize (makka), soybean, and ragi (nachani), supporting sustainable farming and healthy food choices. Alongside this, we are actively involved in the poultry sector, supplying poultry products, poultry feed, and cattle feed that meet industry standards for quality and nutrition.

Naturaza Earthfoods also deals in fresh fruits including bananas, grapes, pomegranates, and mangoes, as well as fresh vegetables such as onions, potatoes, and garlic. Through efficient sorting, grading, and wholesale operations, we ensure freshness, hygiene, and timely delivery.

Driven by transparency, strong farmer partnerships, and market expertise, Naturaza Earthfoods Private Limited aims to become a trusted name in all agro product trading, connecting farms to markets while promoting growth, quality, and sustainability.
